

Hampton College Teacher Assessed Grade Policy

FOR A/AS LEVELS AND GCSES FOR SUMMER 2021

Hampton College

Introduction

This policy is supplemented by a detailed action plan which outlines the specific roles, responsibilities and actions that will drive the fair and accurate generation of grades. The action plan is based entirely around our policy and is in line with all guidance provided by JCQ and Ofqual including suggested Assessment Records and checklists thus ensuring that every requirement is met.

This policy covers entries for GCSE, A Level and VTQs at Hampton College and the process undertaken for year 13 students who are taught and assessed at Hampton College but are entered at our sister school, Hampton Gardens.

Statement of intent

This section outlines the purpose of this document in relation to our centre.

- *To support our centre in meeting its obligations in relation to equality legislation.*
- *To ensure our centre meets all requirements set out by the Department of Education, Ofqual, the Joint Council for Qualifications and awarding organisations for Summer 2021 qualifications.*
- *To ensure the process for communicating to candidates and their parents/carers how they will be assessed is clear, in order to give confidence.*

Roles and responsibilities

This section of our Centre Policy outlines the personnel in our centre who have specific roles and responsibilities in the process of determining teacher assessed grades this year.

Roles and Responsibilities

This section gives details of the roles and responsibilities within our centre.

Head of Centre

- *Our Head of Centre, J. Gilligan, will be responsible for approving our policy for determining teacher assessed grades.*
- *Our Head of Centre has overall responsibility for the school as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.*
- *Our Head of Centre will confirm that teacher assessed grade decisions represent the academic judgement made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations.*
- *Our Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.*

Senior Leadership Team and Heads of Department

Our Senior Leadership Team and Heads of Departments will:

- *provide training and support to our other staff (a list of training is available on request)*
- *support the Head of Centre in the quality assurance of the final teacher assessed grades.*
- *ensure an effective approach within and across departments to the generation of grades.*
- *properly authenticate the preliminary outcomes from single teacher subjects such as Film Studies*
- *be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.*
- *ensure that all teachers within their department make consistent judgements about student evidence in deriving a grade by, for example, basing their assessments on exam board material with associated mark schemes and grade descriptors.*
- *ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications*
- *ensure teachers have all the information required to make accurate and fair judgments.*
- *ensure that a Head of Department Checklist is completed for each qualification that they are submitting. This checklist will be an enhanced version of the JCQ template checklist based on our detailed action plans.*
- *Support staff in the secure storage of evidence and records relevant to the grades submitted.*

Teachers/ Specialist Teachers / SENCo

Our teachers, specialist teachers and SENCo will:

- *ensure and confirm via the Assessment Record that all assessments are conducted under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.*

- *ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student.*
- *Ensure that they have taken into account training on objectivity so that they are mindful of the potential for unconscious bias when assigning grades*
- *make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.*
- *produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students will also be recorded. Our Assessment Record is an enhanced version of the JCQ template and will be submitted at the point of internal standardisation and grade submission.*
- *securely store and be able to retrieve sufficient evidence to justify their decisions.*

Examinations Officer

Our Examinations Officer will:

- *be responsible for the administration of our final teacher assessed grades and for managing the post-results services.*

Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend any centre-based training and read any information provided to help achieve consistency and fairness to all students. This training and documentation includes internal information mailings regarding the teacher assessed grade process from the Head of Centre and SLT, face to face training on the whole school and Head of Department Action Plans, online disaggregated training sessions, webinars from exam boards, feedback from other webinars attended such as ASCL, CST, exam boards etc, documentation from JCQ, Ofqual and exam boards, training on confirming authenticity of student work, training and documentation/videos on assessing objectively and without bias including strategies to avoid bias in assessment such as anonymous marking, strategies for internal standardisation, signposting to exam board subject specific training and support and assessment/grading materials. A full list is available on request.*
- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*
- *At point of submission, teachers will confirm and verify that they have accessed all relevant training and applied it to the assessment and grading process.*

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *Heads of Department will confirm and verify that this training and support has taken place.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations. The Ofqual document was circulated to staff on the day of its publication, 24 March 2021, and subsequent awarding body material was signposted to Heads of Department to access at various points from 31 March 2021.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals. As per Ofqual guidance, all evidence used to generate grades that has been generated from 24 March will be kept along with any evidence that is still available that was created prior to this date. If this is the case, data/records and papers set/markschemes will be available as appropriate.*
- *Departments will use a variety of sources of evidence including combinations of the following outlined below, therefore, departments will vary slightly in the exact nature of the evidence used.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial class or homework (including work that took place during remote learning).*
- *We will use internal tests taken by pupils.*
- *Where possible, we will use mock exams taken over the course of study. This will not be possible in all cases as, for example, year 11 had their year 10 exams and their year 11 mock exams both cancelled due to Covid related school closure (July 2020 and Jan 2021 respectively).*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*

We provide further detail in the following areas:

Additional Assessment Materials (AAM)

When AAM is used:

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*

- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught or a specific example used varies between classes such as a novel being studied in English Literature*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home. Teachers will confirm the level of control applied as part of their Assessment Record and they will seek to maximise the number of assessments completed under high control.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*
- *We will inform staff of all of the above as part of our training.*
- *Heads of Department and teachers will confirm each of the above as part of their submission checklist and Assessment Records (cross referenced to the school action plans)*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*
- *Heads of Department will confirm the above has taken place as part of their Head of Department Checklist*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance
<p>This section gives details of our approach to internal standardisation, within and across subject departments.</p> <ul style="list-style-type: none">• <i>We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.</i>• <i>We will ensure that all Heads of Department involved in deriving teacher assessed grades have read and have followed the school policy based action plans.</i>• <i>In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.</i>• <i>We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:</i><ul style="list-style-type: none">○ <i>Arriving at teacher assessed grades</i>○ <i>Marking of evidence</i>○ <i>Reaching a holistic grading decision</i>○ <i>Applying the use of grading support and documentation</i><i>The training provided is outlined in the 'Training' section above.</i>• <i>We will conduct internal standardisation across all grades at departmental and whole school level.</i>• <i>Departments will confirm that a consistent approach has been applied and will be confirmed as part of the Assessment Records.</i>• <i>We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.</i>• <i>We will conduct standardisation at department level to ensure that the grades awarded by individual teachers are consistent. As part of the process individual teacher evidence will be cross moderated and a departmental standardisation summary produced and submitted for whole school moderation</i>• <i>We will conduct standardisation at a whole school level. This will ensure consistency by applying a variety of methods such as comparison with previous cohorts (see below), consideration of prior attainment, analysis of performance of groups, and assessing comparison between subjects.</i>• <i>Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).</i>• <i>Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).</i>• <i>Where there is only one teacher involved in marking assessments and determining grades, the output of this activity will be reviewed by an appropriate member of staff within school or, where possible, with a subject specialist from another centre.</i>• <i>In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.</i>• <i>To ensure the process is undertaken fairly, we will analyse previous forecasts to ascertain any patterns of unconscious bias where groups may have, unconsciously, been under predicted compared to their eventual grade. Any incidents of this will be taken into account and teachers will be notified so as to be aware when undertaking the assessment, grading, and standardisation process.</i>

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process and be written at a subject and whole school level as appropriate.*

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- *We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021 to contextualise previous outcomes and identify and explain any subsequent changes or improvements that may explain any anomalies.*

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- *We will omit subjects that we no longer offer from the historical data*
- *We will consider prior attainment differences, staffing, leadership and structural changes, attendance and behaviour data, attitude to learning measurements from previous cohorts, changes to more appropriate courses or specifications and levels of student 'churn'. This analysis will inform any narrative that may need to be written to explain significant differences in outcomes to previous cohorts.*

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student. This will be outlined on the Assessment Record

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions)*
- *how to minimise bias in questions and marking*
- *hidden forms of bias*
- *bias in teacher assessed grades*
- *any previous unconscious bias in grade forecasts with previous cohorts (see above)*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware, through training, documentation and videos (see 'Training', above) that:

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed; and*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process including assessment, departmental standardisation, whole school standardisation and final agreed submission, to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will, through thorough quality assurance, ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

Robust mechanisms, which will include:

- *undertaking exam based assessments in school under high levels of control,*
- *the use of 'student declaration of authenticity' forms,*
- *supervision of all work undertaken in school and, if we are forced to send students home, via Teams,*
- *checks to identify any significant difference in standards between assessments completed in conditions of high control and those not*
- *significant differences in standards between work of a different nature such as tests and NEA*

will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.

It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations

<https://www.jcq.org.uk/exams-office/malpractice/plagiarism-in-assessments---guidance-for-teachersassessors>

to support these determinations of authenticity.

Staff have been trained in ways to authenticate work and will confirm and validate, via the Head of Department checklist that this has occurred.

Confidentiality, malpractice and conflicts of interest

Confidentiality

This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based.

A. Confidentiality

This section details the measures in place in our centre to maintain the confidentiality of grades, while sharing information regarding the range of evidence on which the grades will be based.

- *All staff involved have been made aware of the need to maintain the confidentiality of teacher assessed grades.*
- *All teaching staff have been briefed on the requirement to share details of the range of evidence on which students' grades will be based, while ensuring that details of the final grades remain confidential.*
- *Relevant details from this Policy, including requirements around sharing details of evidence and the confidentiality requirements, have been shared with parents/guardians.*

Malpractice

This section of our Centre Policy outlines the measures in place to prevent malpractice and other breaches of exam regulations, and to deal with such cases if they occur.

B. Malpractice

This section details the measures in place in our centre to prevent malpractice and, where that proves impossible, to handle cases in accordance with awarding organisation requirements.

- *Our general centre policies regarding malpractice, maladministration and conflicts of interest have been reviewed to ensure they address the specific challenges of delivery in Summer 2021.*
- *All staff involved have been made aware of these policies, and have received training in them as necessary.*
- *All staff involved have been made aware of the specific types of malpractice which may affect the Summer 2021 series including:*
 - *breaches of internal security;*
 - *deception;*
 - *improper assistance to students;*
 - *failure to appropriately authenticate a student's work;*
 - *over direction of students in preparation for common assessments;*
 - *allegations that centres submit grades not supported by evidence that they know to be inaccurate;*
 - *centres enter students who were not originally intending to certificate a grade in the Summer 2021 series;*
 - *failure to engage as requested with awarding organisations during the External Quality Assurance and appeal stages; and*
 - *failure to keep appropriate records of decisions made and teacher assessed grades.*

The consequences of malpractice or maladministration as published in the JCQ guidance: [JCQ Suspected Malpractice: Policies and Procedures](#) and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.

Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

C. Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- *To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.*
- *Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).*
- *We will also carefully consider the need to separate duties and personnel to ensure fairness in later process reviews and appeals.*

External Quality Assurance

This section of our Centre Policy outlines the arrangements in place to comply with awarding organisation arrangements for External Quality Assurance of teacher assessed grades in a timely and effective way.

A. External Quality Assurance

This section outlines the arrangements we have in place to ensure the relevant documentation and assessment evidence can be provided in a timely manner for the purposes of External Quality Assurance sampling, and that staff can be made available to respond to enquiries.

- *All staff involved have been made aware of the awarding organisation requirements for External Quality Assurance as set out in the **JCQ Guidance**.*
- *All necessary records of decision-making in relation to determining grades will be properly kept and will be made available for review as required.*
